MOTION PICTURE ZONE IS SOUGHT

OWNER OF PROPERTY ABOUT FOREST LAWN CEMETERY MAKES APPLICATION

OBJECTS TO THEATRE

OPPOSITION TO AMUSEMENT PLACE IN RESIDENTIAL SECTION OF CITY

The zoning committee held an interesting and profitable session yesterday afternoon at half past three in the city hall.

Members present included President Vesper, Secretary Barton, City Trustee Bartlett, City Manager Watson, Messrs. Rowley and Ingledue, and Mrs. Harry Greenwalt.

J. B. Treadwell, owner of property in the vicinity of Forest Lawn cemetery, applied to the trustees of Glendale for the establishment of a motion picture zone there. His application was referred to the zoning committee. At yesterday's meeting property owners in this vicinity appeared before the committee to protest the establishment of a motion picture zone in that section, since it is already built up as a residence district, and they considered that the establishment of an industrial district there would tend to decrease the value of residence properties.

Herbert L. Eaton, president of the American Securities and Fidelity company, represented the Forest Lawn cemetery officials at the meeting. He protested the establishment of a motion picture zone so near Forest Lawn, saying that his company's efforts in establishing Forest Lawn had been to make of it a beautiful park and that the establishment of picture studios there was not appropriate or seemly. Mr. Treadwell said a large number of Glendale people owned locations in Forest Lawn so that the question was one that interested other Glendale residents besides those who resided in the immediate vicinity of the locality under discussion.

No Definite Action Taken

There was no definite action taken in this matter by the committee at yesterday's meeting; it is probable that the question will be decided at next Wednesday's meeting.

The committee recommends the establishment of a motion picture zone on the east side in the section east of Adams and 150 feet south of Windsor road to 100 feet west of Hilda drive and southerly to the city limits.

Notices of this proposed zone had been left in the district, but no one appeared at yesterday's meeting to protest. This part of the city is almost unoccupied at the present time.

Big Potato Crop for This Year, Says Expert; Also Cabbage, Onions

CHICAGO, Dec. 2.—This year's potato crop is one of the largest on record, according to W. H. Hall, Chicago representative of the federal bureau of markets on produce. The same is true of cabbage, onions and apples, Mr. Hall said.

"Basing predictions on the old law of supply and demand, it would reasonably be supposed," he said, "that prices this year would be substantially lower than a year ago, when there was a short crop in each of these commodities."

DORAN STREET P. T. A. MEETS

DR. MINNIE PROCTOR GIVES ADDRESS ON METHODS OF PRESERVING TEETH

PARENTS INTERESTED

MOTHERS HEAR FACTS AND FIGURES RELATIVE TO CARE OF CHILDREN

The session of Doran street P.-T. A., held yesterday afternoon, was an unusually interesting one.

The speaker of the afternoon was Dr. Minnie Proctor, of Los Angeles, and her topic was "The Care of Children's Teeth." Dr. Proctor in a vivid, fascinating talk pleaded for the early care of baby teeth, whose care many mothers consider unimportant.

Dr. Proctor holds that the baby teeth are the most important of all. On their care depends the formation of the permanent set; the condition of this first set of teeth has also much to do with the proper functioning of the child's digestive organs. Many affections of the throat, too, can be traced to the influence of bad teeth, and a child is often considered to have a querulous disposition when, in reality, his fretfulness is caused by decayed teeth.

Dr. Proctor believes that an ounce of prevention is worth a pound of cure. Asked when a tooth brush should be first used on a baby's teeth, she replied that it should be on hand ready for use as soon as mother got through telephoning father that the baby's first tooth had appeared.

The new president, Mrs. Peter Diederich, presided at the meeting for the first time yesterday.

CARS COLLIDE

NO SERIOUS DAMAGE IS DONE WHEN TWO MACHINES CRASH AT STREET CORNER

A slight accident occurred at the corner of Broadway and Brand boulevard Tuesday night at 8:15 o'clock when Prendeville Bros. of this city, driving south on Brand boulevard hit the rear left wheel of an automobile being driven east on Broadway by Mrs. Steward of Glendale and brone the front axle. No one was injured.

BUSY SESSION

FORTY-SIX CASES ARE HEARD BEFORE JUDGE LOWE FOR TRAFFIC VIOLATIONS

Forty-six cases were heard in Judge Lowe's court yesterday. Two hundred and twenty-five dollars in fines were collected. Arrests had been made for the following traffic violations:

Eleven speed cases.
Seven without proper lenses.
Sixteen without the rear lights.
One driving on the wrong side of the road.
Three turning between intersections.
Two cutting corners.
Four parking in front of fire hydrants.
Two open mufflers.

These make a total of forty-six cases. The arrests were made by Traffic Officer Trautwein and various members of the police force.

DISCUSS PLAN TO HOLD DRIVE

DIRECTORS OF LOCAL CHAMBER OF COMMERCE IN SESSION TO CONSIDER PROJECT

CAMPAIGN OUTLINED

W. B. COURTNEY APPEARS AT MEETING TO TALK OVER PROPOSED MATTER

The board of directors of the chamber of commerce met in regular session at the city hall last evening.

The chief business of the meeting was a careful consideration of the matter of a chamber of commerce membership drive. W. B. Courtney, director of campaigns for the American City bureau, gave plans and suggestions for the proposed campaign.

It was the general feeling of the meeting that a reasonable membership fee, yet one that would be sufficient to cover the cost of the salary of the secretary and other operating costs, should be fixed.

It was voted unanimously that the membership campaign take place early in January, before the election of officers.

Plan for Public Meeting

Later in the month the board of directors will hold a meeting which the public at large will be urged to attend, for at this meeting three plans for the proposed membership campaign will be set forth; the plan advocated by T. A. Stevenson, of the American Social Reserve, the one presented by Mr. Courtney, and a home plan by which the campaign would be conducted by home people.

A special invitation to this meeting will be extended business men and others interested in civic affairs, in order that the plan finally adopted for the membership campaign may fully represent the wishes of Glendale citizens.

TEAMS CONTEST

INTERMEDIATE SHOOL PLAYERS DEFEAT CERRITOS TEAM IN VOLLEYBALL GAME

Tuesday afternoon the first team of the intermediate school met and defeated the Cerritos avenue volleyball team on the intermediate school grounds by a score of 3 to 0. These two teams also met on the Cerritos avenue school grounds, the Cerritos avenue team losing by a score of 2 to 1.

Yesterday afternoon the sophomore team of the high school met the intermediate school team on the Wilson avenue grounds. The score was 2 to 1 in favor of the sophomores.

The B8 III class plans to meet the A8 class soon in a debate on the question "that written examinations are a fair test of a pupil's ability."

RAIN RECORD

JUST .18 INCHES RECORDED FOR STORM, MAKING TOTAL 1.95 FOR SEASON

It rained this morning—not much, yet it was rain and officially recorded as such.

The rain guage kept by H. E. Bartlett showed that the total for this morning's "storm" was just .18 inches, making a total of 1.95 inches for the season to date.

At this time last year the record of rainfall was 3.75 inches, considerably more than the preent figures. However, it is pointed out that the rainfall last year was unusual.

The first part of the morning building operations were halted by the rain, but later it cleared and work was resumed.

The high school pupils were dismissed this morning, but not on account of the "storm." Because the heating plant of the school refused to respond to calls for warmth, the pupils were dismissed for the day.

BEGIN MOVING

W. G. LYMAN AND FAMILY TO BE LOCATED IN THEIR NEW RESIDENCE

W. G. Lyman and family began moving yesterday from 412 East Harvard to a new house recently bought at 1022 Florence Place. They have been dispossessed of three rented homes by the sale of them, during their less than two years' residence in Glendale, so decided to own their own and move no more.

FIVE LOSE LIVES IN APARTMENT HOUSE FIRE

(Special Service to Glendale Evening News)

NEW YORK, Dec. 2.—Five lives were lost today in a fire which swept through an apartment house here. Flames leaped from cellar to roof through an air shaft, trapping the victims. Police said the dead included: Mrs. Boswell Reed, an opera singer, and Miss Marjorie Lescomb, a motion picture actress. Mrs. Reed was well known in California as a concert singer. Miss Lescomb recently arrived from England to become a motion picture actress in this country.

LEAGUE HEARS PRESIDENT'S ACCEPTANCE

(Special Service to Glendale Evening News)

GENEVA, Dec. 2.—The League of Nations today enthusiastically heard President Wilson's acceptance of the task of mediating in Armenia. President Hymans asked Wilson and Brazil and Spain to get into immediate communication regarding joint action. The move to shelve the Scandinavian plan for amendments at this session was rejected. The membership commission considered plans for "special relations" with nations too small to become members.

WOULD STOP IMMIGRATION TWO YEARS

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 2.—All immigration would be suspended for two years by a bill submitted to the house immigration committee today by its chairman, Representative Johnson of Washington. Johnson, who has been making a thorough study of the immigration situation for several months, said today that such action is necessary to prevent "hordes of foreigners," many of whom are undesirable, from entering the United States.

MAY URGE ADOPTION OF LEAGUE OF NATIONS

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 2.—Adoption of the League of Nations may be President Wilson's suggestion to congress as the proper way to relieve conditions confronting farmers as the result of rapidly falling prices of agricultural products, it was indicated in administration quarters. The president, it was intimated, is considering offering the suggestion in his forthcoming message to congress.

PROPOSE SUBSTITUTION FOR EXCESS TAX

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 2.—A one per cent tax on all sales to the ultimate consumers will be proposed as a substitute for the excess profits tax, Senator Smoot, Utah, said today on his return to Washington. This is one of the devices which, according to Smoot, the republicans will use in revising the revenue schedule.

PLAN TO END BRITISH AND IRISH FIGHTING

(Special Service to Glendale Evening News)

FOUR MASKED MEN HOLD UP AND ROB TRAIN

(Special Service to Glendale Evening News)

CHATTANOOGA, Tenn., Dec. 2.—Four masked bandits held up and robbed passenger train No. 6 on the Southern railway at Oneida, Tennessee, early today. The men escaped after looting the mail and express cars. The postoffice at Oneida was also robbed, presumably by the same band.

URGES HIGHWAY

LOS ANGELES COUNCILMAN TO KEEP ON FIGHTING FOR LOS FELIZ ROAD

At the meeting of the city council in Los Angeles yesterday, Councilman Criswell gave notice that he will keep on fighting for an appropriation of $100,000 for a new roadway to connect North Broadway, Los Angeles, with Los Feliz road, skirting the base of the Elysian Park hill. Criswell declared that crowded traffic conditions to the North Broadway bridge demanded that the new roadway be built. As Los Angeles owns much of the frontage involved, it was proposed that the road be built out of general funds. Councilmen Mallard and Conaway objected to the expense and the motion to build the road was lost.

Traffic Is Interrupted

Traffic between Glendale and Los Angeles on the Pacific Electric line was interrupted for a short time this morning, owing to the derailment, it is said, of a street car in Los Angeles. The car blocked the Pacific Electric tracks, with the result that the usual service was interrupted for a short while.

Enroute to Glendale

Mr. and Mrs. Bert Ward of 451 Myrtle street have received word that Mr. Ward's parents, Mr. and Mrs. Wm. Ward of Yankton, South Dakota, are en route to Glendale. They will spend the winter here.

Many a man would be willing to trade a bargain silk shirt for a ton of coal.

POLICEMEN ON NEW SCHEDULE

FULL NIGHT AND DAY POLICE PROTECTION WORKED OUT BY CHIEF LAMPERT

SHIFTS FOR FORCE

EFFICIENCY OF DEPARTMENT IS MATERIALLY INCREASED BY CHANGED PLANS

Beginning December 1, the police department inaugurated a new working schedule. Under the new system the city of Glendale is afforded twenty-four hours' police protection with patrolmen on duty all of that time each day and night. Under the old system, the day shift worked from 8 a. m. until 6 p. m., and the night shift from 6 p. m. until 5 a. m., subject to call from 5 a. m. to 8 a. m.

This made a ten-hour shift for the day force and an eleven-hour shift for the night force, whereas the night force will now have an eight-hour shift. This plan has the same effect as a three-shift force would have, as now worked out.

Day Desk Sergeant

George Brewster, formerly night desk sergeant, is now timekeeper for the city and also day desk sergeant. Merle Collins will be night desk sergeant. The patrolmen include Captain McGuire, and Officers James Mann, R. L. McLean, Paul Wells, James Brown, W. B. Hutchinson, Ira Herbert, and C. A. Blix as relief man.

It was through the efforts of J. P. Lampert, chief of police, that this arrangement was made and the men appreciate the new schedule. The chief is confident the new plan will prove better for the men themselves and, too, for the city generally.

It is announced that no change has been made in the working schedule of Traffic Officer Trautwein.

ACTIVE MONTH

JUST 179 CASES ARE HEARD BY JUDGE LOWE DURING MONTH OF NOVEMBER

One hundred and seventy-nine cases were heard in Judge F. H. Lowe's court during the month of November. The arrests were for the following offenses:

Open muffler	30
No rear light	28
Exceeding speed limit	30
Without proper lenses	36
Driving while drunk	3
No license	4
Riding on sidewalk	2
Turning between intersections	10
Too close to fire hydrant	6
Spotlight not adjusted	10
No lights	6
Drunk	4
Cutting corners	10
Cases heard	179

As told elsewhere in The Evening News, the police department under Chief Lampert is reorganized on a new schedule, so that the city has protection every minute of the day and night; hence law violators may expect to fall into the net of the police and Judge Lowe.

NUMBER OF COMMENTS HEARD ON PLEASING DESIGNS BY ART CLASS PUPILS

Many comments are being heard on the very clever and appropriate posters which are on display in the windows of the business district advertising a bazaar and also "Good English Week." These original posters were made by the students of the art classes of the high school, under the supervision of Miss Mueller, and are the result of much forethought and patience in execution.

PERSONALS

Tom Furst and wife have moved from 611 East Broadway to 505 North Jackson.

C. Taylor of 461 Ivy street is moving to his new bungalow at 464 West Broadway.

Mrs. F. J. Runyon, 337 Hawthorne street, left last night for Calgary, Alberta, Canada. She is called away by the illness of her daughter.

Mr. and Mrs. Dierick, 513 Milford street, have moved to Los Angeles. They were unable to find a house in Glendale, and the one in which they were living was sold.

Students of the high school were this morning dismissed for the day on account of the main building having no heat, the furnace not being in good working order.

Friends of Mrs. B. L. Cline will be pleased to learn that she is now able to be up and around her home after an illness of four weeks, during which she suffered a severe attack of bronchitis.

Mrs. L. Maietich, 628 East Colorado street, reported to the police department that a number of windows and panels of glass had been stolen from this address, where she is building a new home.

Mr. and Mrs. A. H. Dibbern are moving from 633½ North Orange street to their new home at 612 North Orange street. Dr. E. L. Eames of 1842 Gardena avenue will occupy the residence at 633½ North Orange.

S. W. Fenton, who recently sold his grocery store and building, as well as the residence, at 714 South Brand, will give possession in a few days and will then take Mrs. Fenton to Murietta Springs for her health. He has bought property at 530 Oak and will move in there as soon as he and his wife return.

Mrs. Victor Legerton of Phoenix, Ariz., formerly Miss Bessie Thomas of this city, arrived in Glendale last night and is visiting her parents, Mr. and Mrs. S. Thomas and sister, Mrs. N. A. Frazar, 633 North Maryland avenue. Mrs. Legerton was married in June and makes her home in Phoenix, where Mr. Legerton is in business. She will return to Phoenix for the Christmas holidays.

Mr. and Mrs. J. N. Topliff of Bruce, Wisconsin, who have been visiting Mr. and Mrs. D. E. Reed, 331 Myrtle street, will make their home with Mr. and Mrs. R. D. R. Topliff, 327 Salem street, for the winter. Mr. and Mrs. Lamont Greene, 120 North Orange street, left Tuesday night for San Francisco, where they will make their home.

Ladies of the Milford Street Card club met at the home of Mrs. J. H. Southard, 341 West Doran street, yesterday at 11 o'clock. The morning was spent in doing Christmas sewing. After luncheon cards were enjoyed. First prize was won by Mrs. H. A. McPherson and consolation prize by Mrs. Reed Heustis. The house was decorated with holly and chrysanthemums. The ladies present were Mesdames S. C. Leppelman, C. H. Thompson, H. B. Fletcher, Reed Heustis, McPherson, H. G. Hosford, Rathbun, E. L. Young, Vinton of Los Angeles, J. H. Southard, Strain and Moore.

Boys of All Ages

"Have any old fellows got mixed with the boys?" queries that perpetual boy, Oliver Wendell Holmes.

Well, not in Glendale; we have boys of all ages, evidently, but no "old fellows." Some of the boys, those in the 25 to 50-year class, were inadvertently omitted from the program of the big boys' meeting to take place Sunday afternoon at the First M. E. church; so they have asked that a part of the auditorium be set aside for them, that they may enjoy the program, too. The Boy Scouts will also have a section and will march to the meeting in uniform.

The music for this occasion promises to be unusually interesting. It is in charge of students of Occidental University, and they say they are going to teach the boys some new songs full of "pep" and "punch" to mix in with the good old standbys they will sing.

Sunday is to be observed all over the state as "Boys' Day" and the Glendale meeting is to be among the big ones.

Host at Thornycroft

Complimentary to Thornycroft boys, the American Legion entertained with a musicale last evening in the assembly room at the sanitarium.

Gerald Delgardo was the chairman of the committee that arranged the pleasant evening. Songs by Captain Jackson, piano selections by Misses G. Champlain and Catherine Delgardo, selections on Hawaiian instruments by A. K. Lewis and last, but not least, vocal solos by "Scotty" Allan, composed the very attractive musical program.

Another much-enjoyed feature of the entertainment were the fancy dances of Miss Lois Naudain. Her mother played the accompaniments.

A social session and refreshments brought the evening's pastimes to a close.

LIST OF PRESENTS SOUGHT FOR CHRISTMAS IS MADE UP BY YOUNGSTERS

Glendale Boy Scouts are pretty foxy;—we'll tell the world they are.

They know that every one of their mothers read The Evening News; so what do they do but ask The Evening News to publish a list of the things a Boy Scout would like for Christmas!

It seems there's a bit of red tape about obtaining proper Boy Scout paraphernalia, and the boys would like The Evening News to "put their mothers wise" to this. (Yes, we know this is "good English" week; but strange to say, we're told that slang is not a violation of good English).

In most cases, it seems, one must have an order signed by some Scout official in ordering Scout supplies. A mother can obtain this order by communicating with H. Benjamin Robinson, assistant Scout executive, 407 North Louise street. Mr. Robinson will be glad to offer suggestions and aid in getting the supplies. There is just time, if one acts quickly, the communication received by The Evening News says, to send to New York for things which cannot be purchased here.

The suggestions given in this letter include a cook kit, canteen, official stationery, knives, axes, miniature pins, Scout jewelry, first aid kits, "Boy's Life" (which we suppose is a magazine), whistles and uniforms.

O. Spencer is moving to 437 West Broadway.

There will be no classes held at the intermediate school on Friday, for the reason that all of the teachers will visit other schools.

When a man tells you that he is full of ideas it is a safe guess that not many of them have commercial value.

LABOR SAVING

DEMONSTRATIONS BEING GIVEN BY J. A. NEWTON COMPANY PROVE INTERESTING

Men in their workshops have been prompt to add and install every new labor-saving device or equipment as it was put on the market. Women are much slower in their workshop, the home, to take advantage of the new inventions that lighten the drudgery of housework.

"An electric washer is fine," a woman will say. "Of course, it would save my time and strength and save laundry bills and wear and tear on the clothes, too. But it costs quite a bit; and it's something I can do without."

Her husband could do without an adding machine or typewriters and other modern office paraphernalia; or, if he's a farmer, he could do without a tractor; or if he's a mechanic, he could do without certain tools, perhaps. He could do without these things; but he will not, because it is not good business to "do without." It is good business to save time and it is good business to conserve energy; and that's what modern appliances do.

It is not good business for the woman in the home "to do without," either. Better do without clothes or luxuries or some other things than do without labor-saving devices in the home.

Electricity is the great friend and labor-saver of women. And of all labor-saving devices, perhaps none does more for the housewife than the electric washer.

Women Are Interested

Many Glendale ladies were interested visitors at the first of the four afternoon demonstrations of the Eden clothes washer at the J. A. Newton Electric company's display rooms, 629-631-633 East Broadway, yesterday afternoon.

G. W. Retschult, a special representative of the Gillespie-Eden corporation, has been sent from New York to acquaint ladies of Glendale with the merits of the Eden clothes washer and to make known to them the fact that the J. A. Newton Electric company has the sole agency for this washer in Glendale. An exclusive safety device of this washer is the automatic locking of the Eden safely swinging wringer before the rollers can start and its swinging into its five convenient positions only when the rollers are stationary. Another exclusive Eden feature is the Eden sediment zone, a sort of trough or ditch that catches and holds all loosened dirt as fast as it is flushed out of the clothes. This keeps the water in which the clothes are washed always clean and sanitary.

The Eden's process of cleaning is not that of friction produced by rubbing; in fact, the wash board does not really cleanse by the friction of rubbing, it is effective merely in forcing the soap and water through the fabric, releasing the dust particles that have been held by a greasy binder of some sort—oil from the skin, the natural oil of a fabric or grease dropped at the table or gathered from other sources. Soap dissolves this greasy binder, thus releasing the dust particles, which sift out of the clothes and restore them to a state of cleanliness.

Process Much Less Hard

The Eden cleanses the fabrics by a process much less hard on them than the friction of the washboard. It simply dips them up and down in the warm suds. With the Eden this process is equally effective with laces, linens, bulky woolens or the most fragile garments. This is a wonderful saving on the wear of clothes.

The saving of wear is not the only saving the Eden accomplishes in the home. It also saves the wages of a laundress, and the expense of fuel, for the cost of operating the Eden in Glendale, where electricity is reasonable in price, has been estimated at two cents an hour and two hours' use of this washer easily disposes of a week's family washing.

The greatest saving of all, however, is the saving of the time and energy of the woman in the home, leaving her strength and leisure to devote to other phases of her business of home-maker and citizen.

The Eden has other exclusive features which Mr. Retschult will explain at the Newton Electric shop every afternoon this week.

The Eden easy payment plan makes it possible for every woman to have an Eden in her home; and that she may first become acquainted with it, the Newton Electric company has agreed to let the machine do a week's washing in her home without a penny of expense or a whit of obligation on her part.

INCOME TAXES

FOURTH INSTALLMENT IS NOW CALLED FOR; INCREASE IN COLLECTIONS ESTIMATED

Carrying the notification that the fourth installment of their 1919 taxes must be in the office of John P. Carter, collector of internal revenue, not later than December 15, more than 12,000 quarterly statements were mailed out today to income taxpayers.

It is estimated that approximately $8,500,000 will flow into Collector Carter's office within the next two weeks. Six and a half millions were collected for the corresponding quarter last year. The collections for the September, 1920, quarter, amounted to $8,282,861.

The estimate for the calendar year 1920 is placed at $22,000,000 by Chief Office Deputy Scott Carter. This figure is about $3,000,000 higher than the figure for 1919.

FINAL FIGURES

LAST REPORT ON CASUALTIES OF UNITED STATES GIVEN IN ANNUAL REPORT

Final figures on army casualties in the war are contained in the annual report of Surgeon General Ireland, showing 34,249 killed and 224,089 wounded.

The proportion of killed to wounded is about the same as in the civil war, although mortality from gunshot wounds in the world war was only 8.26 per cent, as compared with 13.6 per cent in the civil war. The report said this indicated that improved surgical and sanitary methods in the recent war had saved the lives of 3.34 per cent of all American soldiers wounded. Of every 1,000 men sent to France, 110 were admitted to hospital as the result of battle casualties, the report says, and nearly seven men out of every 1000 died as the result of wounds. Infantry losses were heaviest, 215.6 out of every 1000 men of that arm being wounded and 12.77 killed. The signal corps was next with 52.22 wounded and 3.13 killed per 1000.

Deaths from wounds totaled 13,693, or slightly more than 6 per cent, while 158,585 of the wounded, or 70.7 per cent, were returned to duty, the remainder being invalided home for treatment or discharge. Shell wounds were by far the most deadly, the report said, adding that no American soldier lost both arms and both legs in the war, or both legs or both arms and one other extremity.

RAISIN CROP

FIFTY MILLION DOLLARS IS SALE PRICE FOR SAN JOAQUIN'S 1919 CROP IS REPORT

The 1919 raisin crop of the San Joaquin valley was sold for approximately $50,000,000 and comprised 182,591 tons, while of this the California Associated Raisin company handled 159,250 tons, at a sales return of $43,280,254. These are the outstanding features of the annual report of the California Associated Raisin company, just released by President Wylie M. Giffen.

The report discloses that the net return to the associated growers was $36,345,077. The overhead, packing and sales cost of marketing was $6,365,984. Of this amount due the growers $32,346,790.24 was paid them in cash at the time of delivery or at various distributing dates, while the final settlement, just paid, amounts to nearly $4,000,000.

When the association was formed in 1913 it handled 59,770 tons, as against 6230 handled by independents. The total for the sales of that year was $6,452,897. The sale return of the 1919 crop compared with the first crop handled shows a 571 per cent increase, while the amount of tonnage handled shows 166 per cent increase.
